

Lake Rose Christian Academy

May 16, 2018

To who this may concern,

Lake rose Christian Academy is new to the USAC/ Erate program. The contract and negotiations were started by some one who is no longer with the entity. No information or direction was left on how to continue the process. The owners were not aware that the previous contact Natoy Baker planned on leaving. They then turned it over to Dawn Garrett which also left due to health reasons. We were given the impression that everything was taken care of and we were under a multi-year contract which is clearly not the case.

We received an email from an agent: David A. Behar david2@eratesupportservices.com regarding the closing window, but when reaching out to him we received no response.

I reached out when we missed the 470 deadlines and was informed that we did not have to because we had a multiyear contract. Now I was just informed yesterday by customer service that we must have a separate 470 for our Cat 2 even though it was not done like that last year. We have now passed both deadlines and we are still paying out over \$3,000 a month and still waiting on our 486 from 2017 to be cleared and certified. We are a small school and we cannot continue to pay such a large bill too much longer, but we are in a contract. We are requesting to be assigned to a case worker to help us with this matter and get us on the right path. We were advised Ingaard Helms from Client Service Bureau Schools and Libraries Division to file for a waiver.

Sincerely,

Keisha Long

Principal
